Detailers must fill all billets at the end of each cycle. If you are nearing the end of your negotiation window and have not been assigned orders, you may be chosen to fill an assignment for which you did not apply. Detailers will attempt to fill all billets using a Sailor's desired selections first; however, Fleet readiness requirements will ultimately be the guiding factor in your assignment. NAVADMIN 226/12 outlines the detail: <http://www.public.navy.mil/bupers-npc/reference/messages/Documents/NAVADMINS/NAV2012/NAV12226.txt>
